

Brent Cunningham (Operations Manager)

Brent Cunningham joined the MIC team a year ago as the operations manager, a new position for the company.

Brent has a vast array of skills and experiences from his 40-year career in the Mechanical Engineering field. Brent was asset and maintenance team leader for Dunedin City Council's aquatic services for 13 years, Maintenance team leader for Fisher & Paykel for 7 years and carried out maintenance roles for PPCS and Euro NZ Scours after a 4-year stint working on offshore oil rigs in the North Sea.

Brent has many skills that he demonstrates daily both in the field and in the office as he builds his knowledge of the running of the scheme around water delivery as well as infrastructure upgrade and improvements.
